

NEW Mobile Grid Display

Mobile, Space Saving Grid Wall

Carlson AirFlo's NEW Mobile Grid Display for Floral & Produce is designed to display and move product. Showcase a lot of product in a small space makes this Grid Wall extremely profitable. Build creative displays that get noticed throughout the year. **Outshine. Outsell. Outperform.**

Benefits & Features:

NEW Mobile Grid Display

Versatile display adapts to your changing products:

- **Increase Floral Sales:** Capture more impulse sales by strategically placing in high traffic areas such as checkout lanes, vestibules and promotional areas.
- **Build Creative Displays:** Several accessory options available to build creative displays that get noticed. Merchandise a variety of products such as bouquets, potted plants, hanging plants, wreaths and floral arrangements.
- **Move More Product:** Grid Wall Display is designed to move product while taking up minimal floor space.
- **Extremely Profitable:** Showcase a lot of product in a small space. Easily display 24+ floral buckets on a 2' deep display.
- **Additional Footage:** Adds additional footage to merchandising space then regular nesting tables.
- **Flexible Merchandising Options:** Display may be freestanding or mounted on wall.
